

## Glacier Hockey Association – Assistance Form

The Glacier Hockey Association (GHA) has a long, proud tradition of helping our families with ice fee scholarships and/or equipment loans. We understand this can be an expensive sport involving equipment and travel and it may be that the association can assist you with a full or partial scholarship for your player and/or assist with equipment.

As part of that process we ask that you complete this form and explain your circumstances. All requests are kept strictly confidential and handled only by four of the officers on the GHA Board of Directors.

We do request that you pay your USA Hockey membership fee and make the appropriate jersey and/or equipment deposits for your player(s) if possible.
